

football report

Despite the loss of the bulk of the stalwarts from our previous eleven, we were able to put up a creditable display throughout the season. Our team was younger than usual.

Our forwards were given chances to show their agility on several occasions, especially against Burebank, King's Lynn Grammar School, Fakenham and Sherrardswood, when our average was over seven goals a game.

The season was not all glory, we were taught thorough football lessons by King's Lynn Technical College, to whom we lost 6-4, and the Old Michaelians, with whom we drew 3-3. We managed to avenge the former's win later in the season.

Second XI fixtures were limited but our team was undefeated.

The Junior teams of varying age groups had similarly varying success. For the second year we entered a Five-a-Side Tournament at Heacham. The A team managed to reach the semi-final, but the B team had the misfortune of meeting the eventual winners in the first round.

Returning to the 1st XI, may I say that the best games were against the Sandringham Police, to whom we lost 3-1 and later beat 2-1.

As football is a team game, it is unfair to praise individuals, but all concerned deserve congratulations for a fine goal-scoring and defensive record, the best so far? Perhaps.
